

Dear Awards Committee,

Hello! I hope this e-mail finds you well.

My name is Lauren Sutherland, and I am a Content & Community Coordinator at TalentEgg. Avery was a successful Student Judge for the 2017 TalentEgg Awards. The TalentEgg team was so excited to have his perspective and expertise in selecting the top recruiters for each category.

Due to his especially impressive qualifications as a candidate, we included him in a select group of Student Judges that were featured in an editorial. Each year, TalentEgg writes an article about our top student judges to introduce them to our audience of employers and campus recruiters. This editorial helps us highlight excellent student candidates such as yourself and introduce employers to some of the people who will be giving them feedback on their applications.

You can find the Student Judge editorial here: <http://talentegg.ca/incubator/2017/04/25/meet-talentegg-awards-judges-top-students-canada-pt-1/>.

Thank you,

Lauren Sutherland
